SHECHTMAN INTERNATIONAL SYMPOSIUM

This symposium will honor the great lifetime achievements of Prof. Shechtman, a metallurgist who won the 2011 Nobel Prize in Chemistry. It will cover the important pillars of sustainability:

- 1) science, technology and industrial practice
- 2) education
- 3) political and social framework

The scope includes the entire cycle of the world's most precious resources including minerals, metals and materials, their extraction, processing, recycling & development of new frontiers.

Prof. Daniel Shechtman 2011 Nobel Prize in Chemistry

Incorporating:

1st International Symposium on Sustainable Mineral Processing:
Principles, Technologies and Industrial Practice Organizers

- Material Analysis & Mineral Characterization;
- Solid Waste & Waste Water Treatment; Coal Processing;
- Physical Concentration Methods; Secondary Resource Recovery;
- Mining and Mineral Processing Management of Complex Ores;
- Processing of Industrial Minerals; Simulation, Control & Modeling;
- Plant and Process Design & Operating Practice;
- Soil Remediation; Economic Aspects in Mineral Processing;

Conservation, Rehabilitation and Recycling in Mineral Processing;

Non- Sulphide flotation; Eco-Friendly Technologies for Waste Recycling;

Hydrometallurgy and Bio-Processing; Innovation in Mineral Processing

Complete Scope in the Web Site.

29 June - 04 July 2014 Fiesta Americana Condesa Cancun, Mexico

Abstract Submission
Deadline Specified

Leading Committee:

Florian Kongoli Chair CEO & President Flogen Technologies Canada / USA

Manuel Ramos Co-Chair President Asarco/Gruppo Mexico / USA

Herbert Wirth Co-Chair CEO & President Polska Miedz SA Poland

David Halley Co-Chair CEO & President PASAR Philippines

R. Pullenberg Co-Chair Advisor Berzelius Metall

Jiri Dostal Co-Chair Managing Director Kovohute Czech Republic

Michael Zinigrad Co-Chair Rector Ariel University Israel
