

## Visit of Dr. Kongoli (FLOGEN, Montreal, Canada) at FAI

Dr. Florian Kongoli, CEO at FLOGEN Technologies, Inc., Montreal, Canada ([www.flogen.com](http://www.flogen.com)) and president of the organizing committee of **Sustainable Industrial Processing Summit (SIPS 2021)**, (<https://www.flogen.org/sips2021/>), organized by not-for-profit organisation FLOGEN Stars Outreach, ([www.flogen.org](http://www.flogen.org)) visited on August 9-13 the Faculty of Applied Informatics, Tomas Bata University in Zlín.

The main reason of his visit was to get acquainted with the workplace of **Prof. Karel Kolomazník**, who was suggested to be one of this year's SIPS 2021 STARS, featuring **Kolomaznik International Symposium on Materials Recycling Processes & Products** ([https://www.flogen.org/sips2021/Karel\\_Kolomaznik.php](https://www.flogen.org/sips2021/Karel_Kolomaznik.php)), held in his honour under the umbrella of SIPS 2021.

Dr. Florian Kongoli and the Rector of TBU in Zlín Prof. Vladimír Sedlařík sign a partnership agreement between TBU in Zlín and FLOGEN.

During his visit, Dr. Kongoli also met with the Rector of TBU in Zlín, prof. Ing. Vladimír Sedlařík, Ph.D. At the end of the meeting, a bilateral partnership agreement was signed between Tomas Bata University in Zlín and FLOGEN, through which the two institutions agreed to cooperate with each other, including

student and research /academic staff exchanges, preparation of joint research projects or joint organization of conferences. The press release issued by FLOGEN is available here (<https://www.einpresswire.com/article/550693973/dr-florian-kongoli-and-prof-vladim-r-sedla-k-sign-agreement-between-flogen-and-tomas-bata-university-in-zl-n?n=2>). Photo documentation from the visit is available here (<https://www.flogen.org/?p=33&an=2021>).
