Announcements

IMPS 2014 Provisional program has been announced! You can reach the details from here.

Invited Speakers

Dr. Florian Kongoli
FLOGEN Technologies Inc.

SCIENTIFIC INFORMATION Invited Speakers

There will be Invited Talks during the Symposium which will precede each session. The list of the confirmed Invited Speakers are as follows;

Prof. Dr. Jan Cilliers
Royal School of Mines
Imperial College London, England.
Speech Title
"A very close look at flotation"

Dr. Florian Kongoli
FLOGEN Technologies Inc., Canada.
Speech Title
"The Role of Mineral Processing in Sustainable Development"

Prof. Dr. Georgios Anastassakis
National Technical University of Athens, Greece.
Speech Title
"Separation of Mineral Fine Particles"

Prof. Dr. Ferhat Kara
Anadolu University, Turkiye.
Speech Title
"Development of added value functional materials from local aluminosilicate sources by geopolymerisation"

Prof. Dr. Irfan Bayraktar
Mineral Processing Consultant, Turkiye.
Speech Title
"Crucial issues in mineral processing plant design and operation"

Prof. Dr. Mehmet Polat
Izmir Institute of Technology, Turkiye.
Speech Title
"Nanotechnology in Mineral Processing"

Prof. Dr. Graeme Jameson
University of Newcastle, Australia.
Speech Title
"Improving the flotation of coarse composite particles"

Assoc. Prof. Dr. Ljudmilla Bokanyi
University of Miskolc, Hungary.
Speech Title
"Innovative mineral processing techniques in waste recycling"

Prof. Dr. Hermann Wotruba
RWTH Aachen University, Germany
Speech Title
"State of the art and new developments in sensor based sorting applications"

Assoc. Prof. Dr. Greg Galecki
Missouri University of Science and Technology, USA.
Speech Title
"Waterjet Technology in Separation Science"

Prof. Dr. Yuliy Rubinstein
Institute of Solid Fuel Preparation, Russia.
Speech Title
"Column flotation: history, trends in development, simulation and practices"

Prof. Dr. Rick Honaker
University of Kentucky, USA
Speech Title
"Innovations in Dry Particle Separations"
