

C. Amatore, HonFRSC, HonFCSC Scientific Curriculum Vitæ French, Born December 1951, married, two Children

1. Academic Training

- Education:
 - Undergraduate studies (1971-1974): Chemistry, Physics, Physical-Chemistry; Ecole Normale Supérieure and University Paris 6, Paris, France,
 - Agrégation of Chemistry (1974) (highest professional professorship degree in France),
- Doctorat d'Etat (1975-1979; cumulative grade equivalent to Ph.D. plus Habilitation; defended in December 1979); University Paris 7, Paris; performed under the guidance of Prof. Jean-Michel Savéant.
- o Post-Doctorate (1982-1983): Professor Jay K. Kochi, Indiana University at Bloomington, USA.

2. French Professorships

J	
1974-1975	Research assistant, Department of Chemistry, Ecole Normale Supérieure (ENS),
1975-1984	CNRS Assistant Professor (AR, then CR), CNRS and University Paris 7,
1984-1990	CNRS Full Professor, first rank (DR2), CNRS and Department of Chemistry, ENS,
1990-2000	CNRS Full Professor, second rank (DR1), CNRS and Department of Chemistry, ENS,
2000-present	CNRS Full Professor, first exceptional rank (DRCE1), CNRS and ENS,
2001-2004	Full Professor (former Louis Pasteur's position), exceptional rank (PRCE1), University Pierre et Marie
	Curie (UPMC) and ENS,
2004-2007	Full Professor (former Louis Pasteur's position), highest exceptional rank (PRCE2), University Pierre and
	Marie Curie (UPMC) and ENS,
2007-2017	Full Professor of the highest exceptional rank (DRCE CNRS) at ENS and UPMC,
2017-present	Emeritus Professor of the highest exceptional rank (DRCE CNRS) at ENS and UPMC

3. Foreign Professorships

, v 1	
1982-1983	Visiting Assistant Professor (CNRS-NSF), Indiana University, Bloomington, USA,
1993	Visiting Professor, Department of Chemistry, University of Modena (Italy),
1996	Visiting Professor, Department of Chemistry, University of Padova (Italy),
2002	Professor, Department of Chemistry, East Normal China University, Shanghai (China),
2009-present	Professor, Xiamen University, Xiamen (China),
2017-present	Distinguished Visiting Scientist, , Xiamen University, Xiamen (China).

4. Scientific Directorships

1993-2010	Founder and first Director of the Research Unit "PASTEUR" (UMR 8640) Associated to CNRS, ENS and
	UPMC,
1995-1997	Vice-President of the Physical Chemistry Division of the French Chemical Society,
1997-1999	President of the Physical Chemistry Division of the French Chemical Society,
1999-2006	Director of the Department of Chemistry of ENS,
2001-2010	Director of the Doctoral School of Physical and Analytical Sciences of Central Paris,
2002-2012	Director of the Institute for Chemical Analytical Sciences of Central Paris,
2004-present	President of the European Chemical Societies Consortium for ChemPhysChem,
2005-2010	Chairman of the Chemistry Section of the French Academy of Sciences,
2006-2015	co-Chairman of the International CNRS Laboratory (ENS-CNRS-University of Xiamen, China); co-Chair:
	Prof. Z-Q Tian (University of Xiamen),
2011-2015	vice-President of Académie des Sciences for Education and Advanced Scientific Training,
2013-2014	President Elect of the International Society of Electrochemistry,
2015-present	co-Chairman of the International CNRS Laboratory (ENS-CNRS-University of Rennes / Universities of
	Xiamen and Wuhan, China); co-Chair: Prof. Zhong-Qun Tian (University of Xiamen),
2015-2016	President of the International Society of Electrochemistry,
2017-2018	Past President of the International Society of Electrochemistry.

5. Scientific Advisory Boards and Administration Councils (French and Foreign)

- President of the Jury of the L'Oréal-UNESCO Prize "For Women in Science" (2015, 2017),
- Chairman of the Evaluation Committee of Chemical Sciences in Czech Academy of Sciences, Prague (2015),
- International Advisory Board of the *iChem* Research Consortium, China (2014-present),
- Administrator of the Conservatoire des Arts et Métiers (2015-present),
- Member of the National Council for Scientific Culture (Universciences) (2012-2015),
- Jury Member of the L'Oréal-UNESCO Prize "For Women in Science" (2011-present),
- Advisory Board of the State Key Laboratory PCOSS, Xiamen, China (2009-present),
- Board of Electors, University of Oxford (2008),
- Administrator of the "International Foundation of Maison de la Chimie", Paris (2007-present),
- Haut Conseil de la Science et de la Technologie (2006-2009),
- Scientific Advisory Council of the "International Foundation of Maison de la Chimie", Paris (2006-present),
- Engineering and Physical Sciences Research Council College (UK) (2006-present),
- Scientific Advisory Board of the French Ministry of Defense (CSD) (2005-2010),
- President of the CSD Committee for Advanced Scientific Awareness (2005-present),
- Scientific Advisory Council of the Institute of the Arabic World, Paris (2005-present),
- Scientific Advisory Council of the National Conservatory of Arts and Crafts, Paris (2005-present),
- College of Experts of IUPAC (2004-present),
- Advisory Board of the Changchun Institute of Academy of Sciences, China (2003-present),
- Advisory Board of the Fudan University, China (2005-present),
- Advisory Board of the Heyrovsky Institute, Prague, Tchequia (2002-2007),
- Advisory Board of the Ecole Normale Superieure de Cachan, Paris (2002-2008),

6. Editorship and Editorial Boards of International Scientific Journals

• Editorships:

0

- ChemPhysChem (2010-present),
- Journal of Electroanalytical Chemistry (1997-2009).
- Active Editorial boards memberships:
 - *ChemElectroChem* (since 2013),
 - Nano-Bio-Analysis, NWPII (since 2010),
 - Journal of Electrochemistry (Chine, since 2010),
 - Science China (since 2010).
 - Current Analytical Chemistry (since 2004),
 - Journal de la Société Algérienne de Chimie (since 2004),
 - *ARKIVOC* (electronic publication with peer review; since 2003),
 - *ChemPhysChem : a European Journal* (since its creation in 2000),
 - Portugaliae Electrochimica Acta (since 1999),
 - Comptes Rendus de Chimie de l'Academie des Sciences (since 1996),

• Past Editorial boards memberships:

- Analytical Chemistry, ACS (since 2006-2010),
- New Journal of Chemistry (1998-2002),
- Bulletin de la Societe Chimique de France (1993-1998),
- Journal de Chimie Physique (1993-1999).

• European Chemical Societies Consortia :

- Representative of the French Chemical Society (SCF) in the "Owners Representatives" of Analytical & Bioanalytical Chemistry (ABC), the European journal of analytical chemistry co-owned by 8 continental European chemical societies and Springer (distributed by Springer),
- Representative of the French Chemical Society (SCF), in the "Owners Representatives" of "ChemPubSoc Europe" the consortium of 16 continental European chemical societies,
- One of the 4 Presidents of "ChemPubSoc Europe".

7. Honors and Distinctions (France)

- "Distinguished Scientist", of The French Chemical Society (2015),
- Knight in the Order of The Academic Palms (French Republic, 2011),
- Knight in the Order of The Legion of Honor (French Republic, 2010),
- Knight in the Order of Meritus (French Republic, 2006),
- Full Member of the French Institute, Academy of Sciences (elected December 2002),
- Associate Member of the French Academy of Sciences (1996-2002),
- "Silver Award" of CNRS (1993),
- "La Caze" Prize of the French Academy of Sciences (1992).

8. Honors and Distinctions (Foreign and International)

- Foreign Memberships in Academies of Sciences
 - Brazilian Academy of Sciences (2017),
 - Chinese Academy of Sciences (2013),
 - World Academy of Sciences (TWAS) (2013),
 - European Academy (Academia Europæa) (2011).

• Doctorate Honoris Causa

- Université Polytechnique de Bucarest, Roumanie (2017),
- Kharkov National University of Radio-Electronics (KNURE), Ukraine (2005).

• Honoris Causa Professorships

- "Honorary Professor", Nanjing University, , China (2014),
- "Honorary Professor", Southeast University, Nanjing, China (2009),
- "Honorary Professor", Xiamen University, Xiamen, China (2007),
- "Advisory Professor", Fudan University, Shanghai, China (2005),
- "Honorary Professor", East China Normal University, Shanghai, China (2004),
- "Guest Honorary Professor", Wuhan University, China (2004),
- "Honorary Professor", Changchun Institute of Academy of Sciences, China (2003),
- "Distinguished Research Fellow", Japanese Society for the Promotion of Science (1997).

• Main Scientific Distinctions and Medals

- Fellow of the Electrochemical Society (2017),
- Costin D. Nenitescu Medal, Romanian Society of Chemistry (2017),
- Volta Medal, The Electrochemical Society (2016),
- "Heyrovsky Award", Heyrovsky Institute of CAS & Charles University, Prague (2015),
- Honorary Fellow of ChemPubSoc (2016),
- Outstanding Contributor to the Beijing Conference and Exhibition on Instrumental Analysis (BCEIA) (2015),
- Distinguished International Scientist of the Hubei Province, China (2013),
- President Elect of the International Society of Electrochemistry (2012),
- Honorary Fellow of The Royal Society of Chemistry (2010),
- Honorary Fellow of the Chinese Chemical Society (2009),
- Honorary Member of the Israeli Chemical Society (2009),
- Fellow of the Royal Society of Chemistry (2008),
- Michael Faraday Medal, Royal Society of Chemistry (2007),
- Luigi Galvani Medal, Societa Chimica Italiana (2007),
- Bourke Medal, Royal Society of Chemistry (2006),
- "President of the "Division of Molecular Electrochemistry", International Society of Electrochemistry (2006),
- Fellow of the International Society of Electrochemistry (2006),
- Louis de Broglie Medal, Academia dei Lincei, Roma, Italy (2005).

9. Main Scientific Research Areas (see <u>http://www1.chimie.ens.fr/w3amatore/)</u>

Amatore's researches correspond to 486 original research articles published in peer reviewed international journals, 10 French Habilitation Theses, 58 French Ph.D. and 7 Ph.D. defended in foreign Countries, 6 Patents and over than 300 Distinguished, Award, Named and Plenary Lectures. Altogether, according to the Web of Science database (December 2017) these works cumulate more than 22 000 citations, corresponding to a h-index of 74 with an increasing citation rate, being above 1250 citations per year over the past five years. They correspond to the three following main areas:

- Theoretical and experimental developments in molecular and analytical electrochemistry (ultramicro- and nanoelectrodes: diffusional transport, chemical mechanisms, single electron transfer catalysis),
- biological applications: exocytosis, oxidative stress in tissues and at the single cell level),
- Mechanisms of cross-coupling reaction by transition metal complexes (Ni, Pd).
