

Dear colleague

This invitation is being sent on behalf of the **Organizing Committee of 2019 Sustainable Industrial Processing Summit (SIPS 2019)**, a yearly event that is deeply science-focused and industrial engineering-oriented, organized by the not-for-profit corporation FLOGEN Stars Outreach (www.flogen.org), which is dedicated to achieving sustainability through science and technology. It incorporates summit plenary lectures by well-known speakers that address the link between scientific and engineering domains in the pursuit of sustainable development, as well as specific science and engineering symposia that feature technical presentations with the same goals in mind. The summit will be held in **Cyprus from 23-27 October 2019**.

We have confirmed until now the participations of **6 Nobel Laureates**: Dan Shechtman, Kurt Wuthrich, Ferid Murad, Rudy A. Marcus, Yuan T. Lee and Klaus Von Klitzing.

Official SIPS 2019 webpage is given here: <https://flogen.org/sips2019/>

As President of SIPS 2019, I am personally inviting you to participate as an author at one or more of the 37 major scientific and engineering symposia incorporated in this summit. The list of the symposia is given in the web site at: <https://www.flogen.org/sips2019/summit.php?p=14> and at the end of this message for your convenience.

If you prefer to deliver a presentation with a wider scope for one of the listed topics, or on a new specialized topic of your choice, we would be pleased to take it into consideration for a possible nomination as an Invited or Keynote Lecture. In this case, please send us an email at the same address, which should indicate your interest and include a draft abstract.

The papers will be double peer reviewed and published in the official multi-volume Publication containing ISBN and ISSN numbers. Furthermore, many papers will be subsequently published as part of special volume of relevant Journal dedicated to this symposium.

The abstracts have to be submitted online at:
https://www.flogen.org/sips2019/abstract_submission.php.

The summit is the optimal conference to present your most recent work, listen to latest achievements of your colleagues, and interact with well-known experts from diverse fields of industry, academia, and politics. We hope your participation will enable your organization to improve efficacy, and implement the best sustainable research and industrial practices.

It would be a great pleasure to have you join us.

We are looking forward to hearing from you.
